

A NEW WAY TO LEVEL UP **THE FINGER LEVEL.**

Originally designed to locate/level tools in a CNC lathe, it was soon realized that this level can be easily and quickly used in hundreds of everyday scenarios.

THE MOST CONVENIENT AND PORTABLE LEVEL IN THE WORLD

- Easy to hold and use
- Hold with a single finger or thumb
- The bubble can be seen with ease
- Magnetically attaches to optional accessories
- Store in a pocket, drawer or tool box
- Attach to any magnetic surface

For Use In:

- Machine Shops
- Construction
- Interior Design
- Painting
- Landscaping
- Home
- Auto Body
- Mechanics
- Engineering
- Plumbing
- Police/Investigations
- Electrical
- Archery/Shooting
- HVAC
- Building Inspection
- Fabrication
- Welding
